**BELL BEND NUCLEAR POWER PLANT
SRBC NOTICE OF APPLICATION REVIEW RESPONSE
RENOTIFICATION OF APPROPRIATE PARTIES
BNP-2010-163 Docket No. 52-039**

- References: 1) Michael J. Brownell, Susquehanna River Basin Commission, to T.L. Harpster, PPL Bell Bend LLC., "Notice of Application Review for the PPL Bell Bend, LLC.", dated March 1, 2010.
- 2) BNP-2009-11, Bell Bend Nuclear Power Plant, Certification of Notification, June 12, 2009.
- 3) BNP-2009-132, Bell Bend Nuclear Power Plant, Proofs of Publication, June 24, 2009.

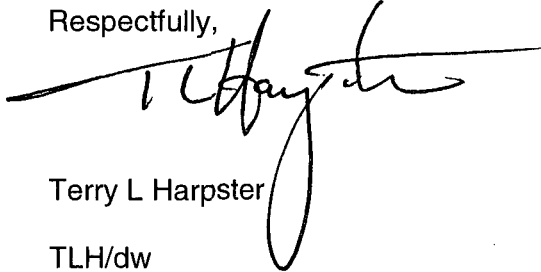

Please find attached the PPL Bell Bend, LLC (PPL) response to the renotification issues raised in the Susquehanna River Basin Commission's March 1, 2010, "Notice of Application Review for the PPL Bell Bend, LLC" (Reference 1). We have updated and reissued the letters announcing our consumptive use and surface water withdrawal applications that were originally issued on May 15, 2009 (Reference 2). Also attached are four proofs of publication for notifications to local and regional newspapers in accordance with 18 CFR 5806.15 requirements (Reference 3). These were originally published on May 21, 2009.

The following letter renotifications were issued on June 14, 2010 and the newspaper articles were published on June 17, 2010.

- Salem Township Manager with certified return receipt
- Luzerne County Manager/Chief Clerk with certified return receipt
- Director, Luzerne County Planning Commission with certified return receipt
- Contiguous property owners (67-notifications)
- Four local and regional newspapers:
 1. The Press Enterprise, Bloomsburg, PA
 2. Citizens Voice, Wilkes-Barre, PA
 3. Times Leader, Wilkes-Barre, PA
 4. Standard Speaker, Hazleton, PA

Should you or your staff have any questions about these notifications please contact Bradley Wise at 610.774.6508 or bawise@pplweb.com.

Respectfully,

A handwritten signature in black ink, appearing to read 'T. Harpster', with a long horizontal stroke extending to the left and a large loop at the bottom.

Enclosure 1: Proof of Renotifications

Enclosure 2: Letter to Salem Township Manager

Enclosure 3: Letter to Luzerne County Manager/Chief Clerk

Enclosure 4: Letter to Director, Luzerne County Planning Commission

Enclosure 5: Copy of certified return receipts to Salem Township Manager, Luzerne County, Luzerne County Manager/Chief Clerk, and Director, Luzerne County Planning Commission

Enclosure 6: Letter to contiguous property owners (67-notifications)

Enclosure 7: Map listing contiguous property owners

NARRATIVE

Attachment: Renotification of Appropriate Parties

Comment: The Commission requires project sponsors to notify each municipality in which the project is located, the county planning agency of each county in which the project is located, and each contiguous property owner that an application has been submitted to the Commission. The project sponsor shall also publish a notification in a newspaper of general circulation serving the area in which the project is located. All notices shall contain a description of the project, its purpose, requested water withdrawal and consumptive use amounts, location and address, electronic mail address, and phone number of the Commission. - [18 CFR §806.15]

The SRBC commented that the application and amendment fail to demonstrate that the proper notification of the application was provided. The notifications that were performed did not contain the required electronic mail address of the Commission as part of the notification. The Commission requires that this omission be corrected by renotifying the appropriate parties.

The Commission also requires a map showing the property boundaries with the contiguous property owners. The property parcels depicted on the map should be keyed to the list of property owners.

Response: PPLBB is providing the following information supportive of the required renotification¹ of appropriate parties and an updated map showing property boundaries with adjacent property owners names and addresses keyed to individual lots on the map.

- Copy of letter sent to adjacent property owners
 - Copy of letters to municipalities with certified mail receipts
 - Copy of newspaper notice
 - Copy of property map with all adjacent property owners identified.
-

¹

Renotification attachments such as SRBC Forms 24C and 24S as well as the Site Location Map were provided with each renotification as required. However, since these documents were previously provided to the SRBC as part of the initial notifications they were considered redundant for this submittal. as the intent was to provide notification of the required electronic mail address of the Commission.

Bell Bend Nuclear Power Plant Notice of Application to Susquehanna River Basin Commission

This is a corrected Notice of Application. The original Notice of Application has been updated to include an electronic mail address that is required by current Susquehanna River Basin Commission (SRBC) regulations.

Although PPL has made no final decision to build the Bell Bend nuclear power plant, we continue to move forward with the licensing process. One part of this process is to give notice of our application to the Susquehanna River Basin Commission for anticipated water usage.

Notice is hereby given that PPL Bell Bend, LLC filed an "application for approval" on May 13, 2009, with the Susquehanna River Basin Commission (SRBC) for approval of water use by the proposed Bell Bend Nuclear Power Plant (BBNPP) located in Salem Township, Luzerne County, Pennsylvania. This notification is required by the SRBC under 18 Code of Federal Regulations (CFR) Part 806.

PPL Bell Bend, LLC has requested approval for (1) groundwater withdrawal up to a maximum 30 day average of 3.3 million gallons per day (MGD), (2) surface water withdrawal (SRBC Pending No. 2009-079) up to a maximum of 44 MGD (peak day), and (3) consumptive water use (SRBC Pending No. 2009-080) of up to 31 MGD (peak day) from the Susquehanna River at a location east of Route 11 near the current Susquehanna nuclear power plant intake and discharge facilities in Salem Township, Luzerne County, Pennsylvania. Also, approval has been requested for a minor amount of groundwater consumptive use during construction. (Note: The request for groundwater withdrawal has been temporarily withdrawn and a decision to pursue groundwater withdrawal will occur about October 2010.) The purpose of this project is to generate electricity with the BBNPP rated at 1,600 megawatts-electrical. Water withdrawal and consumptive use is for the purpose of cooling the reactor and associated equipment.

Mobilization and site preparation activities are currently scheduled to begin during the third quarter 2011, and initial commercial operation of BBNPP would be about December 2018 assuming that the license application is approved and PPL decides to build the plant.

Comments referring to the SRBC pending application numbers should be submitted to the attention of Ms. Paula B. Ballaron, Regulatory Program Director, Susquehanna River Basin Commission, 1721 N. Front Street, Harrisburg, PA 17102-2391, Phone 717-238-0423, ext. 222, fax 717-238-0468, e-mail: pballaron@srbc.net.

**BELL BEND NUCLEAR POWER PLANT
NOTICE OF APPLICATION FOR WITHDRAWAL AND
CONSUMPTIVE USE FROM THE SUSQUEHANNA RIVER,
SALEM TOWNSHIP, LUZERNE COUNTY, PENNSYLVANIA
BNP-2010-145 Docket No. 52-039**

Dear Ms. Boudman:

Although PPL has made no final decision to build the nuclear plant, Bell Bend, we continue to move forward with the licensing process. One part of this process is to give notice of our application to the Susquehanna River Basin Commission for anticipated water usage.

This is a corrected Notice of Application. The original Notice of Application has been updated to include an electronic mail address that is required by current Susquehanna River Basin Commission (SRBC) regulations.

Notice is hereby given that PPL Bell Bend, LLC has filed an "application for approval" on May 13, 2009, with the Susquehanna River Basin Commission (SRBC) for (1) groundwater withdrawal up to a maximum 30 day average of 3.3 million gallons per day (MGD), (2) surface water withdrawal (SRBC Pending No. 2009-079) up to a maximum of 44 MGD (peak day), and (3) consumptive water use (SRBC Pending No. 2009-080) of up to 31 MGD (peak day). Also, approval has been requested for a minor amount of groundwater consumptive use during construction.

The request for groundwater withdrawal has been temporarily withdrawn and a decision to pursue groundwater withdrawal will occur about October 2010. The proposed BBNPP would obtain water from the Susquehanna River at a location east of Route 11 near the current Susquehanna nuclear power plant intake and discharge facilities in Salem Township, Luzerne County, Pennsylvania. The purpose of this project is to generate electricity with the BBNPP rated at 1,600 megawatts-electrical. Water withdrawal and consumptive use is for the purpose of cooling the reactor and associated equipment.

Comments referring to the SRBC pending application numbers above should be submitted to the attention of Ms. Paula B. Ballaron, Regulatory Program Director, Susquehanna River Basin Commission, 1721 North Front Street, Harrisburg, PA 17102-2391, telephone: 717-238-0423, ext. 222, fax: 717-909-0468, e-mail: pballaron@srbc.net.

Respectfully

**BELL BEND NUCLEAR POWER PLANT
NOTICE OF APPLICATION FOR WITHDRAWAL AND
CONSUMPTIVE USE FROM THE SUSQUEHANNA RIVER,
SALEM TOWNSHIP, LUZERNE COUNTY, PENNSYLVANIA
BNP-2010-144 Docket No. 52-039**

TO ALL INTERESTED PARTIES:

Susquehanna River Basin Commission (SRBC) regulations require that notice be sent to the owners of parcels that are adjacent to a parcel containing a proposed water withdrawal project. This notification is required by the SRBC under 18 Code of Federal Regulations (CFR) § 806.15. There is no action necessary on your part.

Although PPL has made no final decision to build the Bell Bend nuclear power plant (BBNPP), we continue to move forward with the licensing process. One part of this process is to give notice of our application to the Susquehanna River Basin Commission for anticipated water usage.

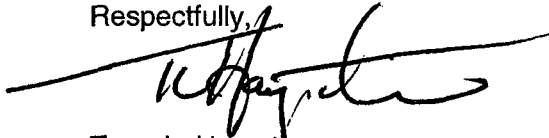

This is a corrected Notice of Application. The original Notice of Application has been updated to include an electronic mail address that is required by current Susquehanna River Basin Commission (SRBC) regulations.

Notice is hereby given that PPL Bell Bend, LLC has filed an "application for approval" on May 13, 2009, with the Susquehanna River Basin Commission (SRBC) for (1) groundwater withdrawal up to a maximum 30 day average of 3.3 million gallons per day (MGD), (2) surface water withdrawal (SRBC Pending No. 2009-079) up to a maximum of 44 MGD (peak day), and (3) consumptive water use (SRBC Pending No. 2009-080) of up to 31 MGD (peak day). Also, approval has been requested for a minor amount of groundwater consumptive use during construction.

The request for groundwater withdrawal has been temporarily withdrawn and a decision to pursue groundwater withdrawal will occur about October 2010. The proposed BBNPP would obtain water from the Susquehanna River at a location east of Route 11 near the current Susquehanna nuclear power plant intake and discharge facilities in Salem Township, Luzerne County, Pennsylvania. The purpose of this project is to generate electricity with the BBNPP rated at 1,600 megawatts-electrical. Water withdrawal and consumptive use is for the purpose of cooling the reactor and associated equipment.

Comments referring to the SRBC pending application numbers above should be submitted to the attention of Ms. Paula B. Ballaron, Regulatory Program Director, Susquehanna River Basin Commission, 1721 North Front Street, Harrisburg, PA 17102-2391, telephone: 717-238-0423, ext. 222, fax: 717-909-0468, e-mail: pballaron@srbc.net.
