SUBJECT: MEETINGS DURING THE WEEK OF JULY 26, 2010, REGARDING
THE PROPOSED INTERNATIONAL ISOTOPES FLUORINE
EXTRACTION PROCESS AND DEPLETED URANIUM
DE-CONVERSION PLANT

During the week of July 26, 2010, the U.S. Nuclear Regulatory Commission (NRC) staff and its contractors conducted several meetings regarding the environmental review of the proposed International Isotopes Fluorine Products, Inc. (IIFP) Fluorine Extraction Process and Depleted Uranium De-conversion Plant to be located in Lea County, New Mexico. The NRC met with representatives of IIFP and toured the proposed site. The NRC also met with local government officials to gather information on the scope of NRC's environmental review. On July 29, 2010, the NRC conducted a public scoping meeting to assist in defining the scope of its environmental review and help identify significant environmental issues. The enclosed document summarizes these meetings and does not contain any proprietary or classified information.

Docket No.: 40-9086

Enclosure: Summary
