SUBJECT: TERMINATION OF YOUR NRC RADIOACTIVE MATERIALS LICENSE

Dear Mr. Kleine:

In "Certificate of Disposition of Materials" form dated June 10, 2010, you contacted the U.S. Nuclear Regulatory Commission (NRC) and indicated that you wished to terminate the Mistras Group Inc. NRC (Indiana) radioactive material license no. 13-26712-01 by transfer of the Hobart, Indiana operations to the Mistras Group Inc. NRC (Illinois) radioactive material license no. 12-16559-02. Further, you indicated that all activities had been terminated at the Peru Indiana facility and you provided the final status surveys for that facility.

The NRC staff has reviewed your request to transfer the Hobart, Indiana facility to the Mistras license 12-16559-02 and the final status surveys of the Peru, Indiana facility. Based on its review, the staff has concluded that licensable radioactive material has been removed from the Peru, Indiana facility and hereby terminates NRC license number 13-26712-01.

In accordance with 10 CFR 2.390 of the NRC's "Rules of Practice," a copy of this letter and its enclosure will be available electronically for public inspection in the NRC Public Document Room or from the NRC's Agencywide Documents Access and Management System (ADAMS), accessible from the NRC Web site at <http://www.nrc.gov/reading-rm/adams.html>.
