SUBJECT: 08/06/10, 10:30 AM, CONFERENCE CALL WITH TRANSNUCLEAR, TO DISCUSS THEIR PROPOSED RESPONSES TO A REQUEST FOR SUPPLEMENTAL INFORMATION, MODEL NO. NUHOMS-MP197 TRANSPORT PACKAGE

DISCUSSION:

The staff and TN discussed a response to an RSI regarding the method used to model their Hypothetical Accident Conditions (HAC). TN clarified that they had performed a separate analysis for HAC and had not used a response function approach. With this clarification, the staff has the necessary information to proceed with detailed review of the first round RAI responses.
