Re: License # 31-27860-02- Docket #030-36007

We have been in touch with Mona Williams, from Rockville, MD and hope to have the financial aspect worked out very soon.

We do not need the license because we do not use any of the four testing meters in the areas in which The U.S. NRC governs. Most of our work is done in New York State, where we have a license #C2047. Please find a termination form attached NRC Form 314 and the latest leak test results on our meters.

Please contact Becky Dellavechia if you need any other information.

Thank you for your help with this matter.

Sincerely,

John Hanson, Chairman
Soil & Material Testing
