Hi Mike and Marian,

Concerning the site visit on September 16, 2009, we should all plan to meet Mark Holibeck of Powertech at 11:30 a.m. at 310 Second Avenue, Edgemont, SD. The building at that location is a red brick, one-story building with a Dewey-Burdock sign on it. Once we have everybody, Mark and others plan to present a brief geological overview of the site over lunch at a separate location. Afterwards, Mark and others will show us the site (including a pit outcrop).

As I understand, people coming to the site visit include six DENR representatives, two BLM representatives, and myself. For planning purposes, I would conservatively anticipate (or guess) the site visit will end around 4 p.m.

Mike, just to make sure, I am assuming that you are the contact for the DENR group that is coming to the site.

Mark, please feel free correct or add to any of the details above.

Kind Regards,

Tom Lancaster
