SUBJECT: WITHDRAWAL OF AREVA NP, INC. (AREVA) TOPICAL REPORT (TR)
BAW-10133P-A, REVISION 1, ADDENDUM 3, "GRID TESTING METHODS
UPDATE" (TAC NO. ME1149)

Dear Mr. Gardner:

By letter dated April 9, 2009, AREVA submitted for U.S. Nuclear Regulatory Commission (NRC) staff review TR BAW-10133P-A, Revision 1, Addendum 3, "Grid Testing Methods Update". On January 28, 2010, a teleconference was held between AREVA and the NRC staff to discuss preliminary Requests for Additional Information (RAI). Based on the results of that discussion, draft RAIs (which included a request for additional grid data) were forwarded to AREVA via email on March 10, 2010. By letter dated May 24, 2010, AREVA requested a withdrawal of the TR from NRC review.

In its withdrawal letter, AREVA indicated that it planned to submit TR BAW-10133P-A, Revision 1, Addendum 3, after the additional grid data is obtained. Please note that the specific review schedule milestones will be discussed and agreed upon in a telephone conference between your staff and the NRC staff once the TR is resubmitted.

Based upon your request for withdrawal of TR BAW-10133P-A, Revision 1, Addendum 3, the NRC staff will terminate its review and TAC No. ME1149 will be closed. If you have questions regarding this matter, please contact Holly D. Cruz at (301) 415-1053.
