SUBJECT: NuScale Request to Relocate Safeguards Information (SGI) (NRC Project No. 0769)

Dear Mr. Norman:

The reference Order requires NuScale to notify the NRC prior to changing the storage location of SGI. The NuScale offices will be relocated to:

1000 Circle Boulevard, Suite 10310
Corvallis Or 97330

This location is on the third floor of a controlled access office building. The area occupied by NuScale is key card or numerical combination access controlled and the SGI storage container will be in a locked room. All controls identified by the NuScale protection of Safeguards Information program approved by the NRC will remain in place at the new location.

Upon NRC approval of NuScale's request to relocate SGI storage the material will be relocated to the new office and the procedure for the protection of Safeguards Information will be revised to show the new Site and Facility description.

If you have any questions, please feel free to contact me at (541) 207-3931 or by emailing me at tmarcille@nuscalepower.com.

Sincerely,
