**Re: 10 CFR 2.802 Petition for Rulemaking to Amend 10 CFR §54.17(c).**

Dear Madam Secretary.  
Dear Rulemaking and Adjudications Staff,

On August 18, 2010, Earth Day Commitment/Friends of the Coast filed a 10 CFR 2.802 Petition on behalf of itself and the advocacy organizations, Beyond Nuclear, Seacoast Anti-Pollution League, C-10 Research and Education Foundation, Pilgrim Watch, and New England Coalition. The petition seeks to amend 10 CFR 54.17(c) so that the permissible time in advance of nuclear power plant license expiration in which to file applications for License renewal is reduced from twenty years to ten years. Further, the petitioners seek a freeze on all new relicensing activity until the rulemaking is decided. I, the undersigned, fully support the petition requests and, having obtained permission of the petitioning organizations, now respectfully request to be added and included as a petitioner in this matter.

Thank you for your kind attention,
