Re: Notification of Transaction – The Danbury Hospital, Inc. (license number: 06-08544-01)

Dear Ladies and Gentlemen:

The Danbury Hospital, Inc. (the “Hospital”) is writing to inform you of a change in the name of the Hospital’s parent company, Danbury Health Systems, Inc. (the “Health System”), that we anticipate to occur on or about September 30, 2010. The Hospital is licensed by the NRC under license number 06-08544-01. As explained further below, it is our understanding that this transaction will not constitute a “transfer of control” as described in 10 C.F.R. Parts 1-171 or NUREG-1556, Volume 15.

We are providing the following information regarding the transaction as requested in NUREG-1556, Volume 15, Appendix F:

1. Description of Transaction. As a result of a corporate affiliation with the New Milford Hospital, Inc. (“New Milford Hospital”), the Health System’s name will change to Western Connecticut Healthcare, Inc. Four individuals currently serving as directors of New Milford Hospital will be added to the Hospital’s 11 member Board of Directors. The transaction will not otherwise directly affect the Hospital or its operations. The name of the Hospital will not change.
2. Changes in Personnel or Duties. The Hospital anticipates no changes in personnel or duties that relate to the licensed program.
3. Changes to Organization, Location, Facilities, Equipment or Procedures. The Hospital anticipates no changes in the organization, location, facilities, equipment or procedures that relate to the licensed program.
4. Status of Surveillance Program. At present, all required surveillance has been performed, documented, and reviewed, including the results. The Hospital does not anticipate the surveillance program will change as a result of the transaction.
5. Records Concerning Decommissioning of the Facility. No records that relate to the licensed program will be transferred as a result of the transaction.

6. Transferee's Commitment. There will be no transferee, and the Hospital will continue to abide by its current constraints, conditions, requirements and commitments.

As the Hospital will continue to control and operate its facilities and retain the same taxpayer identification number, meaning that the direct owner and operator of the Hospital's facilities will not change, we understand that the transaction will not constitute a "transfer of control" as described in 10 C.F.R. Parts 1-171 or NUREG-1556, Volume 15. Therefore, we believe that this letter should serve as sufficient notification to your office of the nature of this transaction. However, if you require any additional information from us on the nature of the transaction, please let us know as soon as possible.

If you should have any questions regarding this transaction, please contact me at 203-739-7701 or William Johns, MD (Chairman, Radiation Safety Committee) at 203-739-7428. In the meantime, if we do not receive a response from you, we will assume that your agency does not consider any additional notifications or filings to be necessary.

Thank you for your attention to this matter.

Sincerely,

John Murphy, MD  
President and CEO

Danbury Hospital
