Dear Mr. DeLaBarre:

Enclosed for your information are reports which list all 10 CFR Part 110 Non-Appendix P U.S. Nuclear Regulatory Commission (NRC) export and import cases which were completed and received during the month of August 2010.

In summary, 5 cases were completed and 7 new license applications or amendment requests were received. It should be noted that as of the date of this letter, 33 cases are still pending.

We are continuing our review of the existing pending cases that do not require Executive Branch views. We understand that for most of the pending cases listed in the report, the Executive Branch is waiting for foreign government assurances as required by the Atomic Energy Act of 1954, as amended by the Nuclear Non-Proliferation Act of 1978.

Sincerely,
