Jon:

I have the surety update in the Annual Report. The Annual Report will be placed in ADAMS and we will open a TAC for the surety review.

Ron, as discussed on the phone and to clarify our timely submittal of the annual surety estimate update for SUA-1341, Uranium One had submitted our Annual Report for State Mine Permit 478 to the Wyoming Department of Environmental Quality – Land Quality Division on August 18, 2010. A copy of that report was sent over night to the NRC (Document Control Desk) under cover to Keith McConnell. Item 8 of the annual report (pages 9-13) discusses the changes that have been made to the surety estimate and Appendix 3 of the report contains the full surety update (pages 1-19). If you have any further questions please do not hesitate to contact me at 307.234.8235, ext. 331.
