Dr. Lodhi,

We hereby submit this notice that our business address will be changing during the week of September 10 to 17, 2010. This will also be the new storage location of our nuclear density gages. Our new address is:

GZA GeoEnvironmental, Inc.
655 Winding Brook Drive
Glastonbury, CT 06033

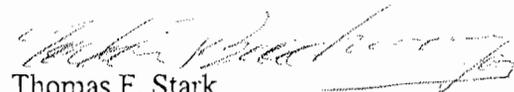

Please direct all future correspondence to this address.

The direct dial phone number of the RSO remains 860-858-3113.

We note that the (sealed source) soil density gages stored at our soon-to-be-previous office (120 Mountain Road, Bloomfield CT, 06002) were leak tested regularly and the gages were never found to have leaked. Based on this information, we do not expect that there was any radiological impact to our previous storage facility.

Very Truly Yours,
GZA GEOENVIRONMENTAL, INC.
