Rob,

Attached please find the subject request for additional information (RAI). The draft of this RAI was sent to you on August 19, 2010. No clarification phone call was requested during the draft review period on this RAI.

The schedule we have established for review of your application assumes technically correct and complete responses within 30 days of receipt of RAIs. For any RAIs that cannot be answered within 30 days, it is expected that a schedule date for submitting your technically correct and complete response will be provided to the staff within the 30 day period so that the staff can assess how this information will impact the review schedule.

Your response letter should also include a statement confirming that the response does or does not contain any sensitive or proprietary information.

Thanks.

Application Section: FSAR Section 2.3.3

QUESTIONS for Siting and Accident Conseq Branch (RSAC)

02.03.03-10

On July 28, 2008, by Unistar letter number UN#08-026, Unistar responded to RAI 3 dated June 27, 2008. This included Unistar's response to Question 02.03.03-1, in which the staff requested Unistar's evaluation of tree heights and distances that was to determine whether trees should be removed. In its response, Unistar stated that, "Completion of the evaluation is expected to be complete by the end of 2008, and the results of this evaluation will be made available to the staff upon completion." Please provide the evaluation of whether trees should be removed or topped, and a confirmation of whether the removal and/or topping activity has been completed.
