MHI,

The attachment contains the subject **NON-PUBLIC PROPRIETARY** request for additional information (RAI). This RAI was sent to you in draft form. Your licensing review schedule assumes technically correct and complete responses within 30 days of receipt of RAIs. However, MHI requests and we grant 60 days, except for the steam explosion question requiring 90 days to respond to this RAI. The schedule will be adjusted accordingly. As MHI requests, we will have a conference call in mid-September after running the Gothic calculation for hydrogen.

This **NON-PUBLIC PROPRIETARY** RAI question will not be made public.

Please submit your RAI response to the NRC Document Control Desk.

Thanks

Jeff Ciocco
