RE: NYS Dept. of Health Radioactive  
Materials License No. C2641  
DH No. 09-492

Dear Licensee:

Enclosed is a renewal of New York State Department of Health Radioactive Materials License No. C2641, which supersedes the original license and authorizes the use of the materials listed in the license subject to the conditions therein and to the applicable regulations of Part 16 of the New York State Sanitary Code and/or Industrial Code Rule 38. You should become familiar with the conditions of your license and the provisions of Part 16 and/or Industrial Code Rule 38 as they relate to your facility.

Please note that you are also bound by statements and representations in documents listed in Condition No. 11 of the license. These are a part of the licensing document and must be maintained with it. If you have employed the services of a consultant for assistance in the preparation of any portion of the application or subsequent supporting information, ensure that you have a copy of all correspondence and submissions.

One of our Radiological Health Specialists will periodically inspect your installation and respond to any radiation incidents. Any questions concerning the license or your radiation program should be directed to this office at 518/402-7590 or:
