Subject: Withdraw Request for Extension for Limited Use of Model No. 5979 Package
Docket 71-5979 TAC No. L24457

Dear Ms. Sampson,

I would like to withdraw my July 12, 2010 request to extend the authorization for limited shipments using the Model No. 5979 container. With the Model No. 5979 packages restricted to the AOS I and the AOS II with III A Overpack serial numbers the availability of the two authorized packages for International Isotopes Inc. use is significantly limited with no guarantee of availability.

Considering that the request for an extension has been withdrawn, a response to specific Requests for Additional Information, as identified in your August 26, 2010 letter is unnecessary.

Please contact me by phone at (208) 524-5300 or by email at jjmiller@intisoid.com if you have questions regarding these documents.

Sincerely,

John J. Miller, CHP
