SUBJECT: UNIVERSITY OF MARYLAND'S R-70 RESEARCH REACTOR LICENSE
RENEWAL

PR Co.

Dear Ms. Cole:

Please find enclosed a Project Review Form as you requested in order to initiate a response to our inquiry concerning any impact the renewing of the University of Maryland's research reactor might have with respect to historic properties. You should note that the facility has not proposed any significant changes to their operations or facilities and the action would be to renew the existing license only. Please indicate if you have identified any concerns.
