Dear Mr. Lindsey:

It has come to our attention that your NRC Material License No. 24-32782-01, issued on April 29, 2010 contained errors. We removed Condition No. 22 from your license as it was considered to be redundant of other conditions in your license. This required us to renumber Condition No. 23 on your license dated April 29, 2010 to Condition No. 22. Also, we did not enclose the "New Portable Gauge License Package" when we issued your license.

Enclosed are the corrected copy of your license reflecting the changes we have made, and the "New Portable Gauge License Package." We apologize for any inconvenience these errors may have caused.

In accordance with 10 CFR 2.390 of the NRC's "Rules of Practice," a copy of this letter will be available electronically for public inspection in the NRC Public Document Room or from the NRC's Agencywide Documents Access and Management System (ADAMS), accessible from the NRC Web site at <http://www.nrc.gov/reading-rm/adams.html>.

Sincerely,

Michael G. Herr, CHP
