Subject: Items Pertaining to filings in the Turkey Point Proceeding
Attachments: Fw: TO THE SECRETARY OF THE NRC; List of EIE filings for Turkey Point COL.pdf

Dear Mr. White,

In response to your recent call and request that two items be placed on the docket for the *Turkey Point* COL proceeding I am this date placing the attached log of filings made via the NRC e-filing system for the Turkey Point proceeding on the docket as well as an e-mail provided to me from Mary Olson explaining the filing difficulties you faced on August 17, 2010. The log is generated as an E-filing system document and updates as filings occur.

Because these items are being placed on the docket, I am also serving them this date by e-mail on the participants in the proceeding.

Dear Secretary – I am writing to inform you that a good faith effort to file a Petition to Intervene via the EIE has failed. Barry White, representing Citizens Allied for Safe Energy (CASE) in South Florida has been filing pieces of his petition all day (you have them). Unfortunately when it came time to file the actual petition – attached here – the EIE system is down from his computer in So Florida, my computer (I am supporting his effort) here in NC and also my colleague's computer in Washington DC. We draw the reasonable conclusion the EIE is "down" tonight.

THEREFORE I have advised Mr. White that the best thing to do is to email the materials to you.

Perhaps someone would be so kind as to contact Barry at the first opportunity to discuss how to remedy this situation. Nuclear Information and Resource Service salutes CASE in its action and can attest to the fact that this work has been ongoing since the federal register notice of the opportunity for Hearing was published, and can attest to the good effort made this evening to meet the deadline using EIE. We attest further that the deadline has been met.
