Please forward this information to Hydrologists. They may need to send it to their contractor, I think.

I'm fine with your changes and have removed the highlights (and attached). The bridgeline/passcode is as follows:

Bridgeline: 800-857-3077
Participant passcode: 99955#

You can email the number above and your revised agenda to CCNPP. The generic meeting notice is in the process of being concurred by Joe and will be given to Shannon by the end of today for her to process it.

See my changes/corrections (highlighted). We can discuss, in case you have questions.

When do you plan to get a bridge line + access code? I need to send that to UniStar.
