FY2011, FY2012, AND FY2013

Dear Mr. Head:

As part of our ongoing efforts to improve the effectiveness and efficiency of the topical report (TR) program, we are seeking up-to-date information on future TR submittals for planning and budgeting purposes. We request that you provide a list of planned TR submittals to the U.S. Nuclear Regulatory Commission (NRC) for FY2011, FY2012, and FY2013 (if available) with the following information for each TR:

- If it will be submitted for NRC staff review or for information only,
- if it will contain proprietary information,
- if it will apply to existing plants, new plants, or both,
- the estimated number of licensed facilities planning to use the approved TR, and
- if fee exemption requests will be submitted under Section 170.11 of Title 10 of the *Code of Federal Regulations*.

We request this information by November 1, 2010. NRC staff plans to request similar future updates at 6-month intervals to assist us in continually improving our utilization of resources. If you have any questions regarding this request, please contact Stephen Philpott at 301-415-2365.

Sincerely,
