**Subject:** Time extension for returning PA sources to MT

To whom it may concern,

I am requesting an extension of the 48hour mandate to 72hours to return our radioactive materials to our Billings, MT secured facilities. The reason for this request is the inability to contact two of the crews and cannot guarantee that the radioactive materials will be returned within the 48hours mandated. I can ensure that the sources will be there (Billings, MT) office within 72hours and will do my best to have them there within 48 hours.

Thank you,

Danny
