Dear Mr. Smith:

Enclosed is Amendment No. 12 to your NRC Material License No. 24-17628-01 in accordance with your request. Please note that the major changes made to your license are printed in **bold** font.

Please note that Dr. Gulati was not added to your license because there was not sufficient information provided regarding his training and experience. Specifically, you did not provide the State of Illinois license on which he is listed. NRC does not have access to Agreement State licenses.

Please review the enclosed document carefully and be sure that you understand all conditions. If there are any errors or questions, please notify the U.S. Nuclear Regulatory Commission, Region III office at (630) 829-9887 so that we can provide appropriate corrections and answers.

In accordance with 10 CFR 2.390 of the NRC's "Rules of Practice," a copy of this letter and its enclosure will be available electronically for public inspection in the NRC Public Document Room or from the NRC's Agencywide Documents Access and Management System (ADAMS), accessible from the NRC Web site at <http://www.nrc.gov/reading-rm/adams.html>.

Sincerely,

A handwritten signature in cursive script, reading "Toye L. Simmons", is positioned above the typed name.
