September 22, 2010

Dear Sir,

Pursuant to the Freedom of Information Act (FOIA), I am requesting copies of documents regarding the Connecticut Advanced Nuclear Engine Laboratory Site (CANEL), located on Aircraft Road in Middletown, Connecticut. The site was acquired by United Aircraft Corporation in 1966. The Aircraft Road Site is now owned by the Pratt & Whitney Division of United Technologies Corporation, Inc, a successor to United Aircraft Corporation.

Specifically, I would like copies of any permits or licenses issued by the Atomic Energy Commission (AEC) or the Nuclear Regulatory Commission (NRC) to Pratt & Whitney or to United Aircraft Corporation for the Aircraft Road Site on or after 1966, including, but not limited to, an AEC byproduct material license issued in June 1966 (AEC No. 06-00555-03). I would also like copies of any amendments to the June 1966 AEC byproduct material license

I would also like to request copies of any inspection reports, reports describing radiological surveys or decontamination activities at the Pratt & Whitney Middletown facility dated after 1966, and any documents pertaining to the termination of any permit or license issued by the AEC to Pratt & Whitney or United Aircraft Corporation for the Aircraft Road Site including License No. 06-00555-03. Further, I would like copies of any relating to placing the Aircraft Road Site on the Site Decommissioning Management Plan and any documents relating to removing the Site from the Site Decommissioning Management Plan.

Please be aware that I am willing to pay any applicable fees relating to this request. If you have any questions regarding this request, please contact me at 860 410-3014.

Sincerely,

Elsie Patton
