Re: Docket Nos. 52-025-COL and 52-026-COL, ASLBP No. 10-903-01-COL-BD02

Please find attached to this email an adjudicatory submission which is due today, September 28, 2010 in the matter of a Vogtle COL. Problems due to the NRC Electronic Information Exchange have prevented the service of this document. I have contacted NRC tech support staff in the interest of resolving the problems with the EIE and they have been most helpful; however, the problem is as yet unresolved.

Thank you.
