**I. INTRODUCTION**

This procedure describes the process to be followed by the Office of Federal and State Materials and Environmental Management Programs (FSME) in managing: (1) allegations involving Agreement State licensees; (2) concerns regarding the performance of State regulatory bodies or their personnel; and (3) concerns regarding potential wrongdoing committed by State regulatory bodies or their personnel.

~~This procedure describes the process to be followed by the Office of State and Tribal Programs (STP) in handling: (1) allegations involving Agreement State licensees; (2) concerns involving alleged performance or alleged wrongdoing by an Agreement State employee other than the Radiation Control Program (RCP) Director; (3) concerns involving alleged Agreement State program performance or alleged performance or alleged wrongdoing by the RCP Director; and (4) allegations under the Nuclear Regulatory Commission's (NRC) jurisdiction (e.g., those involving NRC licensees).~~

**II. OBJECTIVES**

To ensure that ~~assure~~ allegations involving Agreement State licensees ~~and areas of NRC's jurisdiction~~, and alleged concerns involving Agreement State programs and employees are properly and expeditiously handled.

**III. BACKGROUND**

~~Management Directive (MD) 8.8, Management of Allegations, establishes the Agency procedures for handling allegations. MD 8.8 provides guidance on handling allegations involving Agreement State licensees and directs staff to refer allegations concerning performance or wrongdoing issues involving Agreement State employees to STP for appropriate handling. This internal procedure provides further guidance to STP staff in handling such allegations and concerns in accordance with Commission direction provided in Staff Requirements Memorandum (SRM) – SECY-98-192 – Resolution of Allegations Concerning the Performance of Agreement State Programs, dated December 8, 1998.~~ Management Directive (MD) 8.8, Management of Allegations, establishes the Nuclear Regulatory Commission's (NRC) policies and procedures for handling allegations concerning NRC-regulated activities. MD 8.8 directs NRC staff to refer concerns regarding the performance of State regulatory bodies or their personnel and concerns regarding potential wrongdoing committed by State regulatory bodies or their personnel to FSME. Further guidance to staff in handling allegations and concerns about Agreement States is provided in the Staff Requirements Memorandum (SRM) – SECY-98-192 – Resolution of Allegations Concerning the Performance of Agreement State Programs, dated December 8, 1998.

Formatted

~~This SRM provided the following: Continue entry into the allegation management system of allegations concerning Agreement State licensees and closure of that allegation after review by Regional Allegation Review Boards (ARBs) and transfer to the appropriate RCP Director. Allegations concerning Agreement State performance or wrongdoing would be treated as concerns, and transferred through correspondence from STP, rather than treated as an allegation. Absent a credible health and safety concern, Agreement State program performance concerns, or performance or wrongdoing concerns involving the RCP Director, would be referred to either the Agreement State Inspector General (IG), Attorney General (AG), or senior line management above the RCP Director level, as appropriate, based on a decision by STP using criteria to be developed, without convening an ARB. Allegations concerning employee performance or wrongdoing, except that of the RCP Director, should be initially referred to the RCP Director. Should NRC subsequently find the matter to not have been appropriately followed up, the matter can be re-referred by the NRC to the line management over the RCP Director or to the IG or AG. The allogger would be informed of the referral. NRC action to conduct a special evaluation of the adequacy and compatibility of an Agreement State program should be initiated when significant, valid safety concerns are identified.~~

A meeting may be held when the alleged concern or concerns involve more than one category of alleged concern—performance, wrongdoing, or Agreement State licensee or if there is no clear delineation of the type of concern.
