Attachments: QUESTION RE: WB-2 EMERGENCY PLAN

Good afternoon:

This e-mail is a follow up to a question from the emergency preparedness reviewer in early July (attached for your convenience). Please let me know what is the status of the answer to this question.

In addition, the rad. protection reviewer pointed out that the RAI response # 2 (via letter dated July 30, 2010) makes reference to NEI guidance 03-04 (the correct reference instead of NEI guidance 95-04) yet the submittal did not include revised pages for Section 4.5 of the application to ensure consistency with the RAI response. Please let me know if you will submit revised pages reflecting this change.

Regards.
