Colonel Baldwin,

I have attached for your consideration a proposed agenda of items for discussion at the meeting,
as requested. Kimberly and I would be happy to have a telephone call with your office next
week to discuss the details of the proposed agenda and logistics for the meeting. Again, we'd
like to schedule this meeting for sometime in mid-October. Thank you for your time.

Cheers,
Brett Klukan

Mr. Klukan:

We look forward to discussing any issues that NRC may have concerning our pending
DU license application. However, in order to best determine who should be discussing these
issues for the Army at the public meeting, we recommend that you send us an agenda of the
items for discussion. In addition, it would be helpful for us, after reviewing the agenda and taking
time to gather information, to have a telephone conference call with your office to ensure we are
fully prepared with personnel and information for the public meeting.
COL Baldwin.

Colonel Baldwin and Mr. Clark,

My name is Brett Klukan. Kimberly Sexton and I are counsel for the NRC Staff in matters related to U.S. Army IMCOM's request to possess depleted uranium from spent spotting rounds at various installations across the United States. We also represent the Staff in relation to Mr. Harp's 10 CFR 2.206 request for enforcement against US Army IMCOM. Kent Herring indicated that your office would be representing U.S. Army IMCOM in both matters. A few weeks ago, Kimberly and I spoke with Kent over the phone about a potential "sit-down" meeting between the NRC Staff and U.S. Army IMCOM personnel, including counsel, regarding the NRC's licensing process as relevant to U.S. Army IMCOM's request to possess DU at various installations. If U.S. Army IMCOM is still receptive to this idea, the NRC Staff would like to move forward with this meeting to be held sometime in mid-October. The NRC Staff is in the process for putting together an agenda of topics for the meeting. Once we've put that together, I will forward it to you. I would note that this meeting would likely need to be open to the public in accordance with NRC's meeting policy. Please feel free to contact us if you have any

questions. Thank you for your time.

Cheers,

Brett Klukan
