SUBJECT: Re-evaluation of Effects of Airborne Effluent

Gentlemen:

American Radiolabeled Chemicals, Inc (ARC) is presently undergoing an evaluation of our airborne effluents. This evaluation is being performed by an NRC contractor under the direction of the NRC's Region III.

Upon our receiving the report containing the results of this evaluation, ARC commits to the following:

1. ARC will thoroughly review the report, and will consult with Region III if there are any portions of the report not completely understood by ARC.
2. ARC will review those portions our present Radiation Protection Program (RPP) and associated Standard Operating Procedures (SOP) concerned with airborne effluents.
3. ARC will propose changes to the RPP and SOPs to correct any deficiencies brought to light by the Report. These changes will be reviewed with Region III prior to submission of any amendment request.
