Attachments: Follow-up to today's call

Diane -

I sent an e-mail on Friday evening with the updated table we'd discussed, as well as the ADAMS accession number for the 11/2009 data submission from Entergy. I've attached a copy of that e-mail to this e-mail. As I mentioned in my previous message, if you have any difficulty downloading the 11/2009 data submission from ADAMS, I would be happy to break the PDF into pieces and forward it to you via e-mail (it's too large to send all at once).

My apologies if I've missed anything, and please call (301-415-4006) or e-mail if there's anything else you need.

Best,
Drew

Subject: Requested Data?
Importance: High

Just a quick note to follow up on the requested data for Indian Point [provided to NRC by applicant in 12/2009, or as summarized by NRC since] as we discussed on Friday. Will it be coming by e-mail, courier, or snail mail? I'll need it for our files and to finalize our draft letter in reply to the NRC's most recent correspondence to us on this topic.

Thanks very much.

Diane
