Additional Information

Dear Mr. Herr:

Pursuant to our telephone conversation today, and as a follow-up to Lakeshore Engineering Services, Inc. (Lakeshore) letter faxed to you on September 27, 2010, Lakeshore hereby requests to modify our letter. In regards to items 2 and 3 in our letter, please see the below corrected response:

*2. Please clarify what models you want approval for possession: provide the specific model numbers for the devices you would like to be authorized to possess. Please ensure that the model numbers you provide match those listed in the Sealed Source and Devices Registration for each specific device.*

### Response:

Seaman Nuclear Cage, Model C-200

Seaman Nuclear Cage, Model C-300

**(We have removed the request for the Niton XRF since it falls under a general license.)**

*3. Please provide a total possession limit for each radionuclide requested, as well as providing the "per source" activity you need, which should match the Sealed Source and Device Registry certificate provided by the vendor. (It is acceptable to request more sealed sources than you may actually need immediately to allow for some growth.)*

### Response:

Radium 226 (11 millicuries)

Radium 226 (11 millicuries)

**(We have removed the request for the Cadmium 109 since it falls under the Niton general license.)**
