NOTICE

(Requesting Information Concerning Potential Conference and Oral Argument)

At our March 16, 2010 status conference call, the Board indicated that we intended to conduct another status conference in approximately six to nine months. See Tr. at 495. The Board is considering holding such a status conference, and possibly oral argument on several of the pending motions, either on November 22 or 23, 2010, or during the weeks of November 29, 2010, or December 13, 2010. The status conference and oral argument could take a full day and would be held either at a facility near the proposed Levy Nuclear Plant site or at the Atomic Safety and Licensing Board Panel's hearing room in Rockville, Maryland.

On or before October 12, 2010, the parties should submit reports specifying the dates and times, if any, that they are not available during the dates specified above. For each such non-availability, the parties should describe the nature of each prior conflict or commitment that prevents them from having at least one lawyer or pro-se representative participate (either in person or on the phone) on that date and at that time. The parties should also indicate which location they prefer and whether they anticipate participating in person or by telephone.
