Dear Mr. Lewis:

The Board of Directors of the Conference of Radiation Control Program Directors (CRCPD) respectfully asks that our latest SSRCR submission, Part T, Transportation of Radioactive Material, be withdrawn from federal concurrence review at this time. The Board has discovered issues with Part T that require our immediate attention. We will be working in conjunction with our SR-T Committee Chair to make necessary and vital changes to this very important part of the Suggested State Regulations. The additional edits will address both compatibility issues, formatting and minor editorial changes.

The CRCPD Board hopes to have Part T back to the federal agencies for concurrence in the very near future. Thank you for your patience in this matter.

Sincerely,

Alice Hamilton Rogers, P.E.
Interim Chairperson
