Chet,

As discussed earlier, the staff had an opportunity to perform a cursory review of your QA RAI responses (ADAMS ML102810230) and noted the following clarifications.

Regarding Section 1.1: The scope/applicability of the QAP does not clearly identify all activities that are identified as you read through the QAP. Please consider the following reference and clearly articulate in the same section of the mPower QAP, the activities that are covered by the QAP. REF: NEI 06-14 Revision 7A (ML102370305) dated August 2010, Page 1 (section 1.1, Scope/Applicability, under Part I, Introduction).

Regarding RAI 17.5-7: If B&W NE retains responsibility for the QA program that has been delegated consistent with Appendix B, then the QAP should include a statement to that effect.

Please contact me if you have any questions.  
Regards, Joelle
