SNM-124 FOR NUCLEAR FUEL SERVICES, INC.

Dear Ms. Georgeff:

This letter confirms your telephone conversation on September 29, 2010, with Ms. Tarsha Moon of my staff, concerning the maintenance by your library of certain U.S. Nuclear Regulatory Commission (NRC) documents. These documents, a Draft Environmental Assessment (EA) and a Draft Finding of No Significant Impact (FONSI), are related to the NRC staff's environmental review of a request by Nuclear Fuel Services, Inc. (NFS) to renew its NRC license for the NFS facility in Erwin, Tennessee.

The Draft EA and the Draft FONSI are being made available for public comment through November 13, 2010. Electronic versions of these documents also are available at the NRC's Public Electronic Reading Room, accessible via the internet at <http://www.nrc.gov/reading-rm/adams.html>.

We appreciate your willingness to assist the public review of the Draft EA and Draft FONSI. We will contact you in the future regarding your interest in being added to the distribution list for any future NRC documents related to the environmental review of the NFS license renewal request.

Thank you for your cooperation. If you have any questions, please contact James Park by telephone at 301-415-6935 or via e-mail at James.Park@nrc.gov.
