MEMORANDUM TO: Gregory P. Hatchett, Chief  
Environmental Projects Branch 1  
Division of Site and Environmental Reviews

FROM: Michael Willingham, Project Manager */RA/*  
Environmental Projects Branch 1  
Division of Site and Environmental Reviews

SUBJECT: SUMMARY OF THE PUBLIC MEETINGS FOR THE DRAFT  
ENVIRONMENTAL IMPACT STATEMENT FOR THE  
COMANCHE PEAK NUCLEAR POWER PLANT, UNITS 3 AND 4  
COMBINED LICENSES APPLICATION

On Tuesday, September 21, 2010, the U.S. Nuclear Regulatory Commission (NRC) staff held two public meetings regarding the draft environmental impact statement (DEIS) for the Comanche Peak Nuclear Power Plant (CPNPP), Units 3 and 4 Combined Licenses (COLs) application. The purpose of the meetings was to provide information on the NRC environmental review process, present the findings in the DEIS, and to solicit public comments regarding the DEIS. The meetings were held at the Glen Rose Expo Center in Glen Rose, TX.

Each meeting was preceded by a one hour open house, hosted by NRC staff. During each open house, NRC staff, contractors from Oak Ridge National Laboratories (ORNL) and Information System Laboratories (ISL), and U.S. Army Corps of Engineers (Corps) staffs met with members of the public to answer questions about the NRC environmental review process and the CPNPP, Units 3 and 4 DEIS.

Presentations were made by Gregory P. Hatchett and Michael Willingham of the NRC staff at the start of each meeting. The presentations focused on the following subjects:

- 1) the NRC environmental review process;
- 2) the CPNPP, Units 3 and 4 environmental review schedule;
- 3) the contents and findings in the DEIS including the NRC preliminary recommendation; and
- 4) instructions on accessing the DEIS and providing comments.

After the staff presentations, members of the public were invited to provide comments. Comments on the DEIS related to hydrology, socioeconomics, and environmental justice. Comments received during the meetings will be reviewed and those that are within scope will be addressed in the final environmental impact statement.

A combined total of approximately 250 people attended the meetings. Attendees included members of the public and media; representatives of the NRC and its contractors, ORNL and ISL; a representative from the Corps; representatives from public interest groups such as Sustainable Energy and Economic Development Coalition (SEED) and the Sierra Club; the nuclear industry such as Luminant Generation Company LLC, Mitsubishi Heavy Industries; and Federal, State and local government officials.
