RSO, Tipton Hospital

To Whom It May Concern:

I spoke previously with Mr. Reichold, by phone on 9-22-2010 regarding my verbal resignation as Radiation Safety Officer at Tipton Hospital. At the time of my call, I only assumed that the President and CEO of Tipton Hospital no longer wanted me there as their RSO, but the issue was never formally addressed, neither verbally nor in writing with his signature. So it left some awkward gray areas as to my position of RSO there at Tipton Hospital. Later I realized that my name was still on Tipton's Radioactive Material license as RSO. And, until a new name is placed there, I might still be considered responsible or liable for the safe and legal practices of Tipton's Nuclear Medicine department. I know that if two people were to go to court, and one had a verbal contract and the other had a written contract, that it would be the one with the written contract that would usually win the case. Knowing that I had only verbally resigned to you as RSO **but had not yet put it on paper**, and that my name was still on Tipton's Radioactive Materials license as RSO, I wanted to tie up this loose end. Therefore, if you haven't already received a letter from the President and CEO of Tipton Hospital regarding this matter, then;

**This letter shall serve as written notice, that I, Samuel K. Llewellyn, RT(R)(N), CNMT, do hereby resign my post as Radiation Safety Officer for Tipton Hospital on this day as of October 12, 2010.**
