Rich,

Since the Salem Unit 1 buried AFW piping issue may be of interest in this audit, it is worth mentioning that the Salem Unit 1 In-service Inspection has **not** been closed yet. As such, I believe all information is pre-decisional and should not be released to the public.

As far as I know we will not be able to exit the inspection until approximately 6/4/10 at the earliest - depending upon PSEG providing the promised information.
