Howard,

Thanks for the update.

I believe the NIS-1 and/or NIS-2 forms are to be signed before return to service by Code.

Tim,

UPDATE on Questions 1 and 2:

I found out that the person who is tracking this is Bruce Petrowski (not Tim Giles). Bruce works for Tony Oliveri. I spoke to Bruce and he will get me a status on where the **Unit 1 replaced AFW pipe** and the **re-routed pipe in the FTTA NIS** forms are in the process.

Howard

p.s., If (when) the forms are complete, we will get you a copy. I will let you know.

D-106

- (1) Can I get a copy of the NIS-1 and/or NIS-2 for the U1 replaced, AFW buried piping?
- (2) Can I get a copy of the NIS-1 and/or NIS-2 for the rerouted U1, AFW piping in the FTTA?
- (3) Can I get a copy of Engineering Evaluation H-1-EA-PEE-1871, Hope Creek Service Water Piping Alternatives, Rev. 0?
- (4) Are you on track for completing the EQ: ACE for the AFW piping degradation by 6/2/10?
- (5) I cannot locate my copy of the Notif. for the U2 containment liner blister condition. Can you please send me another copy?

Appreciate any info you can provide. Thanks.
