See attached.

- Updated information for the Salem Unit 1 AFW piping and Salem Unit 2 tritium issues being reviewed by DRS.
- Art sent out an email regarding OE at Robinson, please let me know when you have discussed with your licensees. I will track on the status sheet.
- The Commissioner visit to Salem on 4/27 is still up in the air, chances are that it will be SHC; however, as far as I understand the final decision is still up in the air. I will let you know as soon as I know.
