Subject: FW: Commissioner Ostendorff's Agenda

Here is the agenda that we discussed.

Agenda for Commissioner William C. Ostendorff Visit to
Salem/Hope Creek Generating Station

April 27, 2010

- 12:20 p.m. Working lunch at the PSEG Energy and Environmental Resource Center (EERC) with PSEG senior management.
- 1:00 p.m. Transport to the Salem and Hope Creek site with PSEG senior managers. Vehicle tour will include:
- environmental restoration areas;
 - the ISFSI;
 - Hope Creek cooling tower;
 - security range;
 - owner controlled area perimeter;
 - proposed site for fourth reactor; and
 - barge slip.
- 1:45 p.m. Security In-processing, CAS, SAS and visit a bullet resistant enclosure (BRE).
- 2:20 p.m. Meet with the resident inspectors in the resident inspector office (check email and voice mail).
- 3:00 p.m. Drive-by tour of Salem site. Tour will include:
- Unit 1 AFW buried piping and Unit 2 tritium remediation
 - Intake structures
- 3:10 p.m. Hope Creek tour led by PSEG senior management and accompanied by the resident inspectors. Tour will include:
- Control room
 - Radiological controlled area – refuel floor, ECCS room
 - EDG room
- 5:15 p.m. Travel back to Rockville, MD.

Subject: RE: Commissioner Ostendorff's Agenda

For the agenda we dropped Salem control room to accommodate ECCS - any comments?

Rich - how are we going to handle getting Region I staff questions for the commissioner to the commissioner office by Friday (4/23)?

FYI Art plans to meet the commissioner at EERC and will then accompany him the remainder of the day.
