Gerry,

Thanks for the info.

That's fine. I reviewed what Cheryl did yesterday PM and sent it to Diane and Rich with my concurrence. It does need SRA review and Rich's concurrence before going to projects.

I'm working at home today and can be reached via email or cell (609-238-9389) if there are any questions. I am compressed tomorrow.

Tim, Cheryl left me the IR feeder. Per Rich Conte you are not in the RI office today, Thursday. Per Rich: I gave him the IR feeder.

Cheryl,

Let me review it first. I'll call Diane tomorrow after I review. Do you know if any of the SRA's are available to review tomorrow? Thanks.

It is saved as the same, with the exception of the extension as .doc
We do not have Microsoft 2007 loaded on our computers yet.
Do you want me to give the feeder to Rich?

Cheryl,

Attached is the Salem ISI Feeder. This is ready for final formatting and concurrence. When ready for concurrence please put this into my folder on the G:drive. **Please save it with the same filename.**

Let me know when it's ready for concurrence so I can review. Also, I put Wayne's name on this for SRA review but any of the SRAs can review.

Thanks,

Tim OHara
