Dear Shirley Crutchfield,

As shown in the Invoice AM1993-10, the NRC's annual fee for 2010 covers the activities performed from 10/1/2009 to 9/30/2010. Before 2009 our license had two fee categories (and we paid the fees for both of them). However, in September 2009 the license was amended and since then it consists of just one category: 3B (Manufacturing and Distribution), that is why just one the fee category has been paid.

I have explained my point to Steven Courtemanche, NRC RI Health Physicist, who brought this to my attention and advised to call Rosalyn Jones in NRC Headquarters on this matter. However, I could not reach Ms. Jones by phone for the last two weeks.

Please let me know if you accept this explanation or we need to perform any other actions.

Sincerely,
Victor

Good Afternoon Dr. Sidorov:

The finance department here at the USNRC would like to hear from Ambios Laboratories in referenced to the outstanding invoice in the amount of \$429.87. Ambios Laboratories License 06-30460-01 consist of two fee categories. Therefore, the annual fee should have been paid in the amount of \$800 instead of \$400. The NRC is in the process of forwarding the case to the US Treasury Department for collection. Please inform of the additional fee as soon as possible.

Sincerely,

Shirley Crutchfield
