SUBJECT: TERMINATION OF YOUR NRC RADIOACTIVE MATERIALS LICENSE

Dear Mr. Strang:

In the letter dated January 4, 2010 and NRC Form 314 dated July 15, 2010 you indicated that you wished to release the location at "703 Dickman Street, Plymouth, Indiana" for unrestricted use.

You also indicated that all activities authorized by license number 13-26420-01 have ceased and that radioactive materials possessed under this license have been transferred to Troxler Electronic Laboratories, Inc.

The NRC staff has reviewed your final status surveys. Based on its review, the staff has concluded that all licensable radioactive material has been removed from your former location of use and residual radioactive material attributable to licensed activities does not exceed current NRC criteria. Based on these conclusions, no further remediation or actions with respect to NRC regulated material are required for this location and it is suitable for unrestricted use.

Therefore, your NRC license number 13-26420-01 is hereby terminated.

In accordance with 10 CFR 2.390 of the NRC's "Rules of Practice," a copy of this letter and its enclosure will be available electronically for public inspection in the NRC Public Document Room or from the NRC's Agencywide Documents Access and Management System (ADAMS), accessible from the NRC Web site at <http://www.nrc.gov/reading-rm/adams.html>.

If you have any questions, please call me at (630) 829-7952.

Sincerely,

A handwritten signature in black ink, appearing to read "Michael G. Herr".
