Docket No. 03036194
Control No. 573717

License No. 52-25617-01

Frank Kolodziej, M.D.
Somascan, Inc
Floral Park
Calle José Martí #56
Hato Rey, PR 00918

SUBJECT: SOMASCAN, INC, LICENSE AMENDMENT, CONTROL NO. 573717

Dear Dr. Kolodziej:

This refers to your NRC license listed above. The latest amendment to your license (Amendment No. 4) does not include maximum possession limits for all the radioisotopes authorized on the license. Current NRC policy requires that a license include a maximum possession limit for each radioisotope authorized on the license. Therefore, we have administratively amended your license to incorporate this requirement and Item 8 of the license is revised to include a maximum possession limit and source manufacturer/model numbers for sealed sources that you possess under 10 CFR 35.500. These limits are based on the information that David Rhoe, your consultant, provided during a telephone conversation on July 30, 2010. Please note that sealed sources meeting the requirements in 10 CFR 35.65 have not been specifically listed on your NRC license. Enclosed with this letter is the amended license.

You must request and receive an amendment to your license prior to acquiring licensed material in excess of the limits specified in Item 8 of the license. Please review the enclosed document carefully and be sure that you understand and fully implement all the conditions incorporated into the amended license. If there are any errors or questions, please notify the U.S. Nuclear Regulatory Commission, Region I Office, Licensing Assistance Team, (610) 337-5239, so that we can provide appropriate corrections and answers.

An environmental assessment for this action is not required, since this action is categorically excluded under 10 CFR 51.22(c)(14).

Current NRC regulations and guidance are included on the NRC's website at www.nrc.gov; select **Nuclear Materials; Medical, Academic, and Industrial Uses of Nuclear Material**; then **Regulations, Guidance, and Communications**. You may also obtain these documents by contacting the Government Printing Office (GPO) toll-free at 1-866-512-1800. The GPO is open from 7:00 a.m. to 6:30 p.m. EST, Monday through Friday (except Federal holidays).

F. Kolodziej
