Subject: Logbook Entry of Sea Turtle Stranding at Oyster Creek:
10/30/2010

Categories: Endangered Species-Related

Ops Officer : BILL HUFFMAN
Entry Date : 10/30/2010 - 05:29
Entry Type : 50.72 LOGGED ONLY
Notify Date - Time : 10/30/2010 - 05:22
Event Date - Time : 10/30/2010 - 04:03 ()
Site : OYSTER CREEK
Emergency Class :

Notification will be made to the National Marine Fishery Service related to the capture of a sea turtle at the George Creek Intake Structure. The sea turtle is alive and will be sent to the Marine Mammal Stranding Center in Brigantine, New Jersey. The licensee does not believe the stranding was causal to plant operation.

The licensee has notified the NRC Resident Inspector.
