Dear Dr. Zimmer:

Enclosed is Amendment No. 7 amending your NRC Material License No. 48-32697-01 in accordance with your request. Please note that the changes made to your license are printed in **bold** font.

Your amendment request did not specify what materials you wanted Dr. Tullo authorized to use, so we authorized him for the materials in 10 CFR 35.200 because Dr. Tullo has already been approved for 10 CFR 35.200 materials on NRC license 40-01683-01 (Avera Sacred Heart Hospital) and 10 CFR 35.200 materials are authorized by your NRC license.

Please review the enclosed document carefully and be sure that you understand all conditions. If there are any errors or questions, please notify the U.S. Nuclear Regulatory Commission, Region III office at (630) 829-9887 so that we can provide appropriate corrections and answers.

In accordance with 10 CFR 2.390 of the NRC's "Rules of Practice," a copy of this letter and its enclosure will be available electronically for public inspection in the NRC Public Document Room or from the Publicly Available Records (PARS) component of NRC's document system (ADAMS). The NRC's document system is accessible from the NRC Web site at <http://www.nrc.gov/reading-rm/adams.html> (the Public Electronic Reading Room).
