Re: Determined Eligible *med*

Dear Mr. Dwyer:

Thank you for contacting our office. I have reviewed the materials you provided to us regarding the teaching reactor at the WSU campus in Pullman. I concur with your professional opinion that the Reactor Building is ELIGIBLE for listing on the National Register of Historic Places under criteria A & C.

I also concur with your assessment that the renewal of the license would constitute a NO ADVESRE EFFECT. Please keep in mind that future alterations to this facility will require Section 106 review by our office.

These comments are based on the information available at the time of this review and on behalf of the State Historic Preservation Officer pursuant to Section 106 of the National Historic Preservation Act and its implementing regulations 36CFR800.

Thank you for the opportunity to review and comment. Should you have any questions, please feel free to contact me.

Sincerely,

Michael Houser
State Architectural Historian
