RE: Turkey Point Units 3 and 4
Docket Nos. 50-250 and 50-251
Licensee Commitment Regarding-
Request for Exemption from Certain Requirements
of the Fitness for Duty Rule for Managing Fatigue

By letter L-2009-219 dated October 13, 2009, as supplemented by letters L-2010-045, dated March 9, 2010, and L-2010-161 dated September 2, 2010, Florida Power and Light Co. (FPL) requested an exemption from certain requirements of the Fitness for Duty Rule for Managing Fatigue. Specifically, the letters requested exemption from certain specified requirements of Part 26 during preparations for severe weather conditions (i.e., tropical storm or hurricane force winds) and the recovery from severe weather conditions.

On October 15, 2010, the NRC requested FPL to commit to maintain certain information discussed in the referenced correspondence above, in site procedures. The attachment to this letter documents the FPL commitment.

If there are any questions regarding this request, please contact Robert Tomonto at (305) 246-7327.

Sincerely,

Michael Kiley
Site Vice-President
Turkey Point Nuclear Plant
